RICHMOND NEWS AND GOSSIP

Governor Tyler and Family Visit the Southwest.

POLYTECHNIC INSTITUTE

His Excellency Will Attend the Commencement Exercises—An Interesting Letter Regarding President James Monroe—The R. P. & C. Railway—Two Men Sent to the Penitentiary.

(Special to Virginian-Pilot.)

Richmond, Va., June 19.—Governor Tyler, Mrs. Tyler and Miss Lily Tyler left for Southwest Virginia to-day, the Governor to attend the commencement exercises at the Polytechnic Institute at Blacksburg to-morrow, while Mrs. Tyler and Miss Lily will go on to Belle Hampton, probably to remain all summer. The Governor is expected to return to Richmond this week, but later he and Miss Tyler, Miss Sue and Hal, will go to the Southwest for the hot season. Major Heth Tyler will probably accompany them, as he is to be mustered out June 30th. Mr. J. Hoge Tyler, Jr., will remain here during the greater part of the summer, being engaged in business in this city.

PRESIDENT JAMES MONROE.

A letter received by the Governor to-day, apparently concerns a true story regarding President James Monroe, that is at once interesting and new. The writer was Miss Lily Sydenham, of Gladstone, Mo., who desires to establish the truth of the family tradition that her grandfather, John Sydenham, who was a soldier of the Revolutionary war, once saved President Monroe from being captured by carrying him off the field of battle on his back. The then future President had been severely wounded, and his comrades carried him during the retreat. The letter states that Sydenham was a native of Prince Edward, and served under a Captain Driscoll, and a Colonel Marshall.

The Governor had the matter investigated and found that a John Sydenham was granted 100 acres of land in Virginia as a Revolutionary veteran in 1823. He could learn nothing of the Monroe incident, but referred his correspondent to Mr. J. W. Richardson, registrar of the land office.

THE R. P. & C. RAILWAY.

The Richmond, Petersburg and Carolina railroad now needs to acquire but three or four tracts of land to have a right of way the entire distance from Richmond to Ridgeway—120 miles.

It was announced by an official of the road yesterday that these tracts would be acquired in a few days. "There has been an effort made to put up prices," he said, "but we have gotten property at fairly reasonable rates. I think, however, that nobody has caused to complain of not getting enough."

Notices will soon be served on property recently purchased here by the company to vacate, probably by September.

The Chesapeake and Ohio company has already notified the tenants of its property to vacate by the 10th of August. The work of marking the position for the piers of the Chesapeake and Ohio's viaduct was begun to-day, under the direction of Mr. F. B. Isaacs, who has a force of assistants under him. Mr. F. W. Scarborough has general direction of the proposed improvements.

Plans for the depot have not been drawn, but no time will be unnecessary lost in having them made. It is understood they will be drawn by a railroad architect in Baltimore just as soon as the two companies shall agree as to the character of the building they want. Engineer Seymour, of the Richmond, Petersburg and Carolina, is busily engaged on the plans of his company for entrance into Richmond. He and Colonel M. R. Talbot were in conference to-day.

President DeWitt Smith, General Negley and other officials of the Richmond, Petersburg and Carolina, and went on an inspecting tour over the line from Petersburg to DeWitt yesterday. They were greatly pleased with what they saw. The road will soon be in operation to the Roanoke river.

A CHURCH DEBT.

At the Grace Street Presbyterian Church yesterday the pulpit was occupied by the pastor, Dr. Witherspoon. The subject of the morning discourse was "Church Members," and was pointed and practical.

After the morning service Dr. Witherspoon announced that the Presbyterian Churches of Richmond had agreed to make an effort to relieve the Manchester Presbyterian Church of a mortgage debt of \$5,000. Grace Street was asked to contribute to this object \$700. He desired to put the matter before them and let them respond in the way they thought the case deserved. Without discussion, the congregation's response was the full amount asked for.

SENT TO THE PEN.

Joseph Clayton was tried this morning in the Henrico County Court on the charge of breaking into the house of Mrs. Fulton and stealing certain articles therefrom. He was given five years in the penitentiary.

The appeal case of William Brown, charged with putting an obstruction on the Seven Pines Railway, resulted in a verdict of four years in the penitentiary.

CAPT. MINTER'S OFFENSE.

PUNISHED FOR DISORDER IN A RELIGIOUS MEETING.

Hedford City, Va., June 19.—A few nights ago, while Evangelist Strouse was holding a tent meeting near Horob, Captain A. L. Minter, one of Bedford's members of the Virginia Legislature, rode into the tent and remarked that he wanted to be sanctified, and wanted his horse to have some of it, too. He was promptly arraigned before Squire Nance, of the neighborhood, who fined him \$25 and sentenced him to fifteen days in the county jail.

TOWN OF SUFFOLK

Lynch Law Has its Origin in the Bible.

The Declaration of Rev. J. F. Love—The Situation With Reference to Potatoes—Cupid Delays—Jail Nearly Empty—Personal.

(Special to Virginian-Pilot.)

Suffolk, Va., June 19.—At the Baptist Church Sunday evening Rev. J. F. Love, the pastor, said that that lynch law had its origin in the Bible. He ex-coriated big sins and little sins, declaring that the rich and divorced millionaires may expect what is due the sloughs of social unpurity among the slums. It was a timely and forceful sermon, appropriate to these last years of a dying century. The topic was "Heirs of the Ages."

POTATOES WILL BE BETTER.

Most of the commission men in New York think that farmers in this section will do better by holding their potatoes because of the poor crop on Long Island. In a letter to Mr. R. L. Woodward, of Suffolk, Messrs. S. B. Downes & Co., of New York, size up the situation this way: "We have not felt like encouraging your people to ship here because the drought is doing such terrible damage to the potato crop on Long Island that the advantage to the people there must work to the advantage of Virginia shippers, inasmuch as it will make the season for shipping longer. The Long Island crop must be light and quality poor. It is therefore, fair to expect good prices for late potatoes."

CUPID DELAYS THINGS.

It made the very few minutes late but this young couple from Holland didn't care much about that, for they had been struck by Cupid's splinter. They were Miss Ella M. daughter of Thomas Corbett, and Mr. Lee T. Holland, and they wanted to get married. After some inquiry they found the way to Dr. Staley's study. He fixed it all right, with Mr. W. W. Ballard as a witness. The couple came unattended. As Mr. and Mrs. Holland didn't wish to drive back last night they inquired for a good stopping, and went on their way, leaving Dr. Staley to look after his big congregation.

JAIL NEARLY EMPTY.

Deputy Robert E. Norfleet says his county jail is nearer empty now than for eight years. He has only two boarders—Will Scott, held for murder, and Frank Williams, who is doing 90 days for beating. People have stopped breaking laws or stopped getting caught.

NEW WAREHOUSE.

Ground was broken to-day for a new Old Dominion warehouse near the foot of Main street. The present building wouldn't hold all the business. The new one will be 60,000 feet. Crossed wood will help hold it up.

DISASTROUS TRADE.

Ben Holland and Luther Luter traded watches out in the county. That was the entering wedge which severed their friendship. Now they don't love each other any more. One of the men wanted to trade back. The other wouldn't agree. Hot words passed; weapons were drawn. It cost Luter \$750. It's expected that a counter-warrant against Holland will be tried soon.

HOLY NECK CHILDREN'S DAY.

They had a big time at Holy Neck Christian Church Sunday. It was annual Children's Day. Among the speakers was Mr. J. E. West, of Suffolk.

HURT HER FOOT.

Mary Golden got a splinter in her foot this afternoon and got in so deep she couldn't get it out. Mary lives with a family on Main street. She was in so much pain Dr. W. W. Murray was sent for. He cut out the piece.

FREE TO YOUNG TALENT.

The amateur talent that produced "A Merry-Go-Round" for the Presbyterian Church, and under Miss Daisy Nurney's direction, will be given a free excursion Thursday over the Suffolk and Carolina road by Superintendent H. P. Brooks. The Sunday-school pupils can also go without price. Others pay a half. Dinners must be taken.

SOME PERSONS' TRAVELS.

Professor W. C. Morton, the efficient principal of Suffolk High School, left this afternoon to pass vacation at his home in Staunton. He will likely return next session.

Mr. and Mrs. W. M. Burton, of Richmond, are in Suffolk as guests of Mrs. George W. Brittain, at West End Boarding House.

A young lady put in a one-time advertisement telling about the loss of a tucking comb. Now she's wearing it again. A boy got the reward.

After a visit to Suffolk friends, Mr. Frank P. Howell left to-day for his mill plant at Roanoke Rapids, N. C.

Mr. Willie Crumpler, who is a law student at Richmond College, is home for vacation.

Miss Lucy Camp, of Abilene, Fla., is being entertained by the Misses Nurney.

Mr. Lewis Brothers, who had been attending a business college at Poughkeepsie, N. Y., is home.

Dr. H. W. Campbell, secretary of the State Dental Board, has returned from Richmond, where the examination of applicants was conducted. A list of

those who will be licensed will be ready in less than a week.

Dr. J. M. Ruby, of Buckhorn, went to Norfolk on business to-day.

Chambliss Eley has returned from Hampton-Sydney College.

Delegate C. W. Jordan has come home from Staunton, where he represented the Suffolk Samaritans at a State convention.

Dr. Edgar Applewhite, of Newport News, visited Suffolk relatives Sunday.

Mr. P. D. Gwathney, Jr., a prominent Smithfield merchant, was in Suffolk visiting friends Sunday.

Dr. Southgate Leigh, of Norfolk, came here Sunday and performed a surgical operation on Mr. A. Stallings, at No. 7 Chestnut street. Mr. Stallings' symptoms were more favorable tonight, but his condition is still critical.

Representatives of another lighting company struck town this evening and put up sample copies. It's a vapor light.

There will be a german over in Smithfield to-morrow night.

Mrs. C. H. Skinner left to-day for a six weeks' visit to relatives in Brunswick, Me.

Mrs. G. L. Barton left to-day for a two weeks' visit in Newport News.

Roanoke edit.

(Roanoke Times.)

A Richmond dispatch to the Norfolk Virginian-Pilot yesterday said:

Commissioner Kolmer returned yesterday from Salem, whether he went last week to attend a meeting of the Board of Trustees of Roanoke College, of which he is a member. But the Commissioner did not have a great deal to say about educational matters, the fine farms and orchards of Bedford and Roanoke apparently having captured the whole of his attention.

"I saw in Roanoke county one farm where the owners had just finished planting 42,000 apple trees," he said. "I saw another splendid orchard of 450 acres, all being apple trees, save 10,000 peach trees. This is the largest orchard east of the Alleghenies. There is much money in fruit in Virginia," he continued. "All these people who are engaged in apple raising in Roanoke are making big money. Virginia apples bring a dollar more per barrel in the New York market than those from any other State. The soil of Virginia gives a flavor and a coloring to fruit of almost every variety superior to that imparted by the soil of any other State. Virginia is a fruit raising State and is rapidly assuming a foremost place, and I confidently expect her to become first."

A SMALL SPOT MAY BE CANCER.

MOST VIOLENT CASES HAVE APPEARED AT FIRST AS MERE PIMPLES. The greatest care should be given to any little sore, pimple or scratch which shows no disposition to heal under ordinary treatment. No one can tell how soon these will develop into Cancer of the worst type. So many people die from Cancer simply because they do not know just what the disease is; they naturally turn themselves over to the doctors, and are forced to submit to a cruel and dangerous operation—the only treatment which the doctors know for Cancer. The disease promptly returns, however, and is even more violent and destructive than before. Cancer is a deadly poison in the blood, and an operation, plaster, or other external treatment can have no effect whatever upon it. The cure must come from within—the last vestige of poison must be eradicated.

Mr. Wm. Walpole, of Walsworth S. D., says: "A little blotch about the size of a pea came on my left eye gradually growing larger, from which shooting pains at intervals ran in all directions. I became greatly alarmed and consulted a good doctor, who pronounced it Cancer, and advised that it be cut out, but this I could not consent to. I read in my local paper of a cure effected by S. S. S., and decided to try it. It acted like a charm. The Cancer becoming at first irritated, and then discharging very freely. This gradually grew less and then disappeared altogether, leaving a small scar which soon dropped off, and now only a healthy little scar remains where what threatened to destroy my life once held full sway."

Positively the only cure for Cancer is Swift's Specific—

S. S. S. FOR THE BLOOD

—because it is the only remedy which can go deep enough to reach the root of the disease and force it out of the system permanently. A surgical operation does not reach the blood—the real seat of the disease—because the blood can not be cut away. Insist upon S. S. S.; nothing can take its place.

S. S. S. cures also any case of Scrofula, Eczema, Rheumatism, Contagious Blood Poison, Ulcers, Sores, or any other form of blood disease. Valuable books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company, Atlanta, Georgia.
